REROOF
CHASE FIELD BALLPARK

CONTRACTOR:
Progressive Roofing (Phoenix, AZ)

LOCATION: Phoenix, AZ

ROOF SIZE: 400,000 sq. ft.

SUBSTRATE(S):
Aged PVC Single Ply (13 years old)

PRODUCTS USED:
SURFACE COAT:
Finalcoat
BASE COAT:
Finalcoat

DATE OF WORK:
October 2010 - March 2011

ENERGY STAR

BENEFITS:

- No tear-off. According to the EPA, roof tear-offs are the 3rd greatest contributor to US landfills. The coatings system products went over the existing 13-year old roof.
- Reduction in heat gain into the building. Lowers the amperage load on HVAC units/Energy Savings
- A sustainable roof. With strong protection from UV degradation.
