

JEFFERSON ELEMENTARY SCHOOL

Spokane, WA
Commercial

Built in 1908, the Jefferson Elementary School in Spokane, WA has stood the test of time. Over the years, the Spokane School District has kept it in excellent operating condition through renovations and expansions. In 2017, the school district partnered with roof coatings manufacturer KM Coatings and roofing contractor Jimmy's Roofing to restore the 20-year old built-up roof.

Contractor: Jimmy's Roofing

Products: Epoxy Primer A & B, PS #250 Silicone Coating

Substrate: Built-Up Roof

Roof Size: 15,000 sq. ft.

Year: 2017

Quote: "Our KM Coatings representative played a key role in helping us to secure and successfully carry out the Jefferson Elementary School roof restoration project." - Jimmy Stroh (Owner-Jimmy's Roofing)
